

Mo Porfolio: (Aspire to work as junior editor or runner)

****Lights, Camera, Action! ****

Behind every captivating moment lies meticulous planning, seamless execution, and a dash of creative magic. Hi, I'm **Mohammed Sumbunu**, a dedicated professional with a strong background in photography and videography, complemented by a robust skill set in editing, camera operation, and project management.

With a bachelor's degree in television production from Westminster University, I've honed my craft in capturing moments that tell compelling stories. My journey in the media industry has been nothing short of exhilarating. I thrive in the hustle and bustle of live events and studio productions, consistently delivering excellence with every project.

****Professional Expertise: ****

- **Editing Mastery: **

Proficient in Avid, Premiere Pro, Final Cut Pro, and DaVinci Resolve, I've edited 60 to 70 gigabytes of footage within tight deadlines, earning on-screen credits as the primary editor for university projects.

- **Camera Operation & Lighting: **

Skilled in orchestrating lighting setups and managing media workflows, ensuring top-notch quality control.

****Collaborative Spirit: ****

As a collaborative team player, I understand the importance of building capability and fostering an environment of continuous improvement. My journey is marked by capturing stunning visuals that tell stories and evoke emotions, making each moment unforgettable.

****Creative Vision: ****

Let's bring your creative vision to life! Whether it's capturing the perfect shot, orchestrating seamless transitions, or managing the behind-the-scenes magic, you can count on me to deliver with creativity and precision, driven by a passion for visual storytelling.

****Beyond the Lens: ****

When I'm not behind the camera or in the editing suite, I enjoy watching movies, television series and playing with my dog. I believe that a balanced life fuels creativity and enhances overall well-being.
